## Confidential Service

The Worshipful Company of Marketors is a City of London livery company dedicated to supporting marketing professionals.

One of our roles is to help talented individuals to develop careers and decision-making skills via a high-level, confidential mentoring service.

WCM's mentors are chosen to match your career situation – and your aspirations. Hands-on successful leaders can help you from early-year start-ups to hiring your next CMO.

And the service is free!

## How does it work?

Simply contact the Chair of our Professional Mentoring Programme, Peter Rosenvinge (p-rosenvinge@sky.com or 07905 903403) for full details.

We'll listen to your situation and if we can, suggest a Marketor Mentor. If you agree, an initial meeting will discuss your needs and aspirations – and your Mentor will give you some first ideas.

You'll schedule relationship-building mentoring reviews for up to 12 months.

So, if you'd like to gain insights and confidence to enhance your marketing career – contact the WCM Professional Mentoring Programme today!

## What is the Marketors' Company and its drive for economic and social good?

The Worshipful Company of Marketors is the 90th in the City of London Roll of Livery Companies.

32 'Modern' Livery Companies have been created since 1926, reflecting the evolution of new professions, all with a significant role to play in the conduct of modern-day business within the City of London. These newer companies are more able than the older Livery Companies to draw their membership only from within the profession they represent.

The Marketors' Company promotes marketing as a force for economic and public benefit, encouraging excellence in marketing education and practice.

Our presence in the City of London means we focus on the need for marketing principles to be at the heart of corporate decision-making within the Square Mile and beyond. Like all Livery Companies following a tradition that is centuries-old, we support the City of London and the Mayoralty.
